

Earthborn Eco Chic Claypaint

1. What is Earthborn Eco Chic?

Earthborn Eco Chic is Claypaint for painting furniture. A hardwearing and highly breathable matt flat finish and is washable to DIN53778, with no horrible smells or emissions. Licensed to carry the EU Ecolabel (Licence No UK/044/001)

2. Coverage

Approximately 10m² per litre.

However coverage is dependent on absorbency of substrate and application technique.

3. Thinner

Water

4. Drying times

Allow 6-12 hours between coats, depending on room temperature and relative humidity. The surface should be wipeable after about 10 days.

5. Uses

Earthborn Eco Chic is ideal for painting wooden furniture.

6. Properties

Earthborn Eco Chic has exceptional breathability and absorbs variations in humidity. It does not build up static and has proven beneficial to many asthma and allergy sufferers. It covers fully while still wet and is virtually non-drip. Thanks to its high proportion of solids the paint covers exceptionally well.

7. Preparation

Previously painted furniture should be given a light sanding to provide a key. No need for a primer.

8. Application

Stir before use. If painting directly onto untreated wood, you can use Eco Chic Claypaint as a primer, just thin with 20% of water. Finish with a protective coating of Earthborn Furniture Wax or Furniture Glaze. Try applying a contrasting base coat followed by your chosen top coat colour, then sand back areas to reveal the colour beneath. For more ideas visit www.earthbornpaints.co.uk

9. Colours

Earthborn Eco Chic is available in 72 standard colours.

10. Colour mixing and tinting with Earthborn pigments

Colours within the range can be mixed to create intermediate tone. Earthborn pigments can be used to tint Earthborn White or Marbles Claypaint (see Pigment Product Data Sheet for details)

11. Cleaning

It is important to clean rollers, brushes and tools using warm soapy water immediately after use. The term washable refers to the durability of the paint and its resistance to abrasion. It is often possible to remove surface marks using a pencil eraser or very fine emery paper (test on a small area first).

12. Storage

Keep containers sealed and store in a cool frost-free place.

13. Ingredients

Marbles, Humpty Dumpty, Freckle & Flower Pot: Water, various clays, chalk, kaolin, vinegar ester, methylcellulose, various pigments, 0.1% synthetic preservatives.

Other colours: Titanium Dioxide and various pigments.

14. Water Vapour Permeability

Sd value = 0.02m

15. Moisture Vapour Transmission

MVT value = 1115g/m² per 24hours

16. Safety

No hazard or risk groups. Please refer to Material Safety Data Sheet.

17. Disposal

Dispose of contents / container in accordance with local / national regulations.

The user is recommended to test the product on the intended surface to ensure its suitability.
