

Our Vegan Declaration

At Earthborn we are committed to providing paints that are better for our homes, our health and our planet. To that end, we always try to be as open and honest as possible to our customers.

To help you make an informed choice about our products, we list all the ingredients on the side of our tins. And we're proud to declare our Vegan status for each of our products and their ingredients, as follows:

1. **None of our products are tested on animals.**
2. **All Earthborn paint finishes in both our Classic & Ecopro colour ranges are Vegan friendly.**
3. **Two of our traditionally formulated decorating products are not Vegan.***

We have taken every care to check each stage of manufacture to ensure our suppliers and the raw ingredients we use are Vegan friendly. More information about our products, including data sheets, can be found at www.earthbornpaints.co.uk
